

Timothy Burns Appointed to the Board of Directors for Kyle's Treehouse Foundation

Locally Based Autism Resource Site Expands its Board of Directors

Newtown Square, PA (January 30, 2008) – Founders Jenifer and Jeffrey Westphal announce the appointment of Timothy Burns of King of Prussia to the Board of Directors for Kyle's Treehouse Foundation. Burns is the Founder and President of Executive Services Group (ESG) in Conshohocken, a diversified financial services firm that provides Wealth & Lifestyle Management Services.

“Tim is passionate and committed to the mission of Kyle's Treehouse. His generosity has enabled our organization to thrive as a resource for families coping with autism,” says Jenifer Westphal.

Burns' professional relationship with the Westphals began several years ago, and has since developed into a strong friendship. After meeting Kyle and learning more about the Westphals' situation, Burns immediately got involved with Kyle's Treehouse. His firm began administering the foundation in February 2006, and today, Burns serves as the finance consultant on the board.

“The numbers were staggering, and I realized people need assistance. I am amazed each day at how Kyle's Treehouse helps the everyday person by providing knowledge and support. This type of 24/7 assistance is crucial to these families,” states Burns.

Prior to establishing Executive Services Group, Burns was a Financial Advisor and Retirement Planning Specialist with Morgan Stanley. Burns graduated from Saint Joseph's University and is a Lifetime Donor to the J. Wood Platt Caddie Scholarship, an organization he is actively involved in.

About Kyle's Treehouse Foundation

Kyle's Treehouse Foundation is a 501(c) 3 organization dedicated to empowering all people touched by autism to make effective choices. Through its Web site, www.kylestreehouse.org, Kyle's Treehouse provides information about autism, comprehensive and objective overviews on a wide range of treatment options and emotional support for those caring for an autistic child. Founded by Jenifer and Jeffrey Westphal after their son, Kyle, was diagnosed with, and later emerged from, autism, Kyle's Treehouse is the first place parents and families can turn to for the hope and guidance they need to make educated decisions about next steps in autism treatment.
